PROFESSIONAL SUMMARY

Short-form video editor and social media manager with 3+ years of experience creating UGC-style ads, Reels, campaign graphics, captions, scripts, and AI-assisted creative assets. Current Social Media Manager for OverwatchMoz, producing daily social content for a security technology brand focused on intelligent CCTV monitoring and virtual guarding.

Strong fit for Dialed In's creative production needs: hook-led editing, mobile-first captions, UGC ad structure, quick revision cycles, simple graphics, localized messaging, and AI-supported video concept development.

CORE COMPETENCIES

Short-form video	TikTok, Instagram Reels, Facebook Reels, YouTube Shorts, ad cutdowns, captions, pacing, transitions, sound cues, and CTA polish.
UGC ad production	Hook writing, problem/solution framing, founder or creator-style angles, creative variants, and testing-ready exports.
AI creative workflow	Storyline development, image generation, generative video concepts, visual enhancement, prompt iteration, and rapid campaign ideation.
Social creative	Campaign messaging, simple graphics, carousels, English/Portuguese localization, brand consistency, and publishing support.

PROFESSIONAL EXPERIENCE

Social Media Manager OverwatchMoz - Full-time, Remote	Mar 2026 - Present
- Manage and develop social media content for a security technology company focused on intelligent CCTV monitoring and virtual guarding. - Plan and create LinkedIn, Instagram, and Facebook content, including branded graphics, carousels, Reels, and short-form video campaigns. - Develop content concepts, scripts, captions, campaign messaging, and Portuguese localized content for the Mozambican market. - Use ChatGPT, Google Flow, Gemini, Higgsfield AI, CapCut, and Magnific Space to build storylines, generated visuals, video concepts, and campaign assets. - Collaborate with management to translate security services and technical concepts into clear customer-facing content.	
Social Media Content Manager & Visual Designer Wamina In partnership with Global Security Maputo - Remote	Oct 2025 - Present
- Produce monthly social assets and campaign visuals aligned to audience segments, brand voice, and performance goals. - Create Overwatch video concepts, UGC-style ad assets, captioned edits, and localized variants for awareness and acquisition.

PROFESSIONAL EXPERIENCE CONTINUED

Graphic Design Specialist & Content Creator

Aug 2022 - Present

Freelance - Remote

- Delivered 50+ digital and print pieces, including campaign graphics, social media kits, promotional creatives, brand identity systems, and video assets.
- Edited short-form videos and motion graphics using CapCut and Canva, shaping clips around openings, pacing, captions, and clear calls to action.

RELEVANT TOOLS

AI storyline + images	ChatGPT for storyline development, hook ideation, script structure, prompt planning, and image generation.
Generative video	Google Flow, Gemini, and Higgsfield AI for scene exploration, motion tests, visual concepts, and creative variations.
Editing + design	CapCut, Canva, Premiere Pro, After Effects, and Magnific Space, formerly known as Freepik AI.
Workflow	Meta Business Suite, Notion, Slack, content calendars, revision tracking, and organized creative handoff.

SELECTED CREATIVE STRENGTHS

- Builds creative around the first three seconds, with clear hooks, subtitle rhythm, and platform-native pacing.
- Creates multiple ad versions for different hooks, CTAs, languages, concepts, and audience angles.
- Balances AI-generated concepts with practical editing choices so final assets feel clear, usable, and brand-aligned.
- Maintains consistent visual standards across short-form videos, graphics, social posts, and campaign materials.

EDUCATION + CERTIFICATION

B.Sc. Computer Science, University of the People - Expected 2029

B.Sc. Cybersecurity, Miva Open University - Expected 2029

Graphic Design Essentials, Canva - 2025
